

2026 Custom Rebate Program

BHE Colorado Commercial/Industrial Natural Gas Customers

Black Hills Energy offers financial incentives for the installation of eligible energy efficiency measures. Incentives pay for 50% of incremental cost of measures, up to \$50,000. Application must be submitted prior to the installation of energy efficiency measures. Incomplete applications may lead to delayed approval or incentive payment.

General Eligibility and Terms

- Rebates are available to Black Hills Energy (BHE) commercial natural gas customers. Gas transport customers are not eligible for rebates.
- Purchase and installations must be completed between Jan. 1 and Dec. 31. All application materials for completed work must be received by December 31st.
- All Custom projects require approval before the purchase and installation of measures.
- The commercial/industrial Custom Rebate Program incentives pay a 2-year payback, or up to 50% of the incremental cost of the equipment. There is a \$50,000 per-project cap.
- All projects will be individually reviewed by Black Hills Energy and must pass a cost-effectiveness test.
- Funding for these rebates is limited. Applications will be processed on a first-come, first-served basis.
- Once a project is completed, an invoice or other documentation must be submitted and reviewed before incentives can be paid.
- Rebates may be subject to federal and/or state income tax reporting. Applicant is responsible for contacting a qualified tax advisor to determine tax liability. Black Hills Energy is not responsible for any tax consequences of the rebate program.

Disclaimer

Black Hills Energy does not guarantee that installation of equipment qualifying for rebates will result in reduced energy usage or demand, or in cost savings. The Customer will hold harmless Black Hills Energy and its officers, directors, shareholders, agents, employees, and representatives from all claims, liabilities, fines, interest, costs, expenses, and damages incurred by the Customer, for any damage, injury, death, loss or destruction of any kind to persons or property, to the extent the damage, injury, death, loss or destruction arises out of or is related to the conduct, negligence, willful misconduct, misrepresentation, breach of warranty or other breach of this rebate form on the part of Black Hills Energy.

Customer Data Release Consent

By signing this application, the customer agrees to the terms and authorizes BHE to disclose natural gas utility usage data for 12 to 24 consecutive months to determine eligibility and estimate natural gas savings. The customer is not required to authorize the disclosure of customer data. The decision not to authorize the disclosure will not affect utility services.
